

MPF2200

Filler plates

These filler plates provide a flat mounting surface in bayed enclosures when the mounting plate is not fitted flush with the frame. The continuous mounting surface created allows the space to be used more efficiently.

H	2200
Item no.	MPF2200

Description: Covers the space between pairs of adjacent mounting plates to provide a continuous working surface, when two enclosures are mounted together.

Material: 2 mm zinc plated steel.

Pack quantity: 1 plate with mounting accessories.
