Description	Universal document pocket 300mm wide
Item no.	DRB0303R5
Material	1.5 mm mild steel

Description: A large steel document pocket fixed directly onto the door frame. Usable depth: 68 mm.

Material: 1.35 mm mild steel.

Finish: RAL 7035 structured powder coating.

Pack quantity: 1 piece with mounting accessories.

The steel document pocket can accommodate binders and other documents, and it is attached with screws, which provides a good solution when the enclosure is exposed to high temperatures, for example.
