CONNECT AND PROTECT

Description	For 800 mm doors
Item no.	DRB800R5
Material	1.5 mm mild steel

**Description:** A large steel document pocket fixed directly onto the door frame. Usable depth: 68 mm.

**Material:** 1.35 mm mild steel.

**Finish:** RAL 7035 structured powder coating.

**Pack quantity:** 1 piece with mounting accessories.

The steel document pocket can accommodate binders and other documents, and it is attached with screws, which provides a good solution when the enclosure is exposed to high temperatures, for example.
